"Old as the sea and also as reliable", this "dressed-up" "event restaurant" across from Newport Beach Pier attracts a "local crowd" with its "splurge"-worthy seafood and steak, "great sunset views" and "friendly service"; "dark and romantic", with red leather booths, a retro ambiance offering a "fun flashback to the past" and nightly entertainment, it's "perfect for a first date" or when "the ex-boyfriend is in town and wants to pay."
